Comprehensive Needs Assessment Summary

What data did our team examine?

- Completed the ORIS Needs Assessment as a Leadership Team
- Evaluate Assessment Data for Math and ELA (Reading)
- OSAS results and Youth Truth Survey

How did the team examine the different needs of all learner groups?

- By completing the **ORIS Needs Assessment**, the ERE Leadership Team was able to identify the areas of improvement

Were inequities in student outcomes examined?

- Yes- The achievement gap between all students vs. subgroups (SPED, 504, etc) was evident in multiple measures

What needs did our data review elevate?

- Domains needing improvement:
 - Well-Rounded, Coordinated Learning Principles
 - Stakeholder Engagement & Partnerships
 - Inclusive Policy & Practice

How were stakeholders involved in the needs assessment process?

- Yes- Administration, Certified Teachers, Classified Staff, and Parent representation was involved in the review of the ORIS needs assessment

Which needs will become priority improvement areas?

Note: Priorities describe where the team intends to go but do not describe how the team will get there. An example priority might be to improve graduation rates or that all students will meet their growth goals.

- To improve school wide achievement data as measured by i-Ready
- To increase opportunities for family engagement opportunities

Long Term School Goals & Metrics

Goal 1 (Math)	By June 2025, all students will demonstrate growth in math by increasing their score on the iReady Math assessment by having a student growth percentile of 60th percentile.		
	Midyear 23-24: By June 2025, all students will demonstrate proficiency in math standards as demonstrated by iReady Math Diagnostic Assessment as follows: <ul style="list-style-type: none"> ● 60% meeting grade level standards (proficient) And/or average grade level growth each year as follows: <ul style="list-style-type: none"> ● 18-30% growth each school year

What are we going to do?	Strategy # 1.1 Written as a Theory of Action	If we explicitly incorporate best practice math strategies in monthly professional development, Then staff will become more familiar with using best practice strategies, And students will be more successful on subsequent assessments to meet their growth targets.
